

Electric Bicycle Mechanic

Who we are

With a never-erring commitment to superior customer service, our mission is to be your bike shop for life. We are a performance-focused bike store, providing for like-minded riders and families across the Lower Mainland. We offer a great selection of bikes for all ages and almost every category of rider. It's true - we are obsessed! With bikes, with riding, with supporting our community, and delivering top notch service. Our motto guides everything we do. We do it Right. Right on Time.

The Role

Reporting to the Service Manager, the E-Bike Mechanic is key in supporting our clients with a lifetime of cycling. The daily work includes diagnosing and tune-ups of electric bikes, servicing or adjusting components, replacing worn or damaged parts and investigating problems to find adequate solutions. To assure our quality expectations the E-Bike Mechanic must thoroughly test ride each bike before releasing it.

Main duties include

- wipe and inspect bikes before starting to service or repair the bike
- consulting and informing customers of options and issues - in person, by phone, by email
- service and repair bikes in accordance to the work order provided with each bike
- providing repair and service to the highest quality level
- keep the service manager and head mechanic informed about current problems
- ensure each work order's invoice is assembled correctly with labor and part charges
- build up and finish new bikes for sale
- performing safety checks on bikes
- assisting with keeping workshop including parts storage areas clean, tidy and safe

You

- have 4+ years of experience working with electric bikes
- can perform a range of complicated repairs on all types of electric bikes (MTB, Road, Commuter)
- have a problem-solving mindset
- develop and maintain working knowledge of parts compatibility issues and how to find what you need
- have a basic understanding of how the bike-industry works and are interested in learning more
- are an efficient computer user (MS Office, Google sheets etc.)
- want to learn, and are enthusiastic to share your learnings with colleagues and customers
- strive for continuous improvement
- are organized and tidy
